ROLES AND RESPONSIBILITIES :

- Producing clean and efficient code based on specifications.

- Testing and deploying programs and systems.

- Troubleshoot and upgrade existing software.

- Recommend and execute improvements.

- Create technical documentation for reference and reporting.

Tweet Knight(Twitter Analytics tool)   `2015-2016`

B.E Project

It is a web tool which fetches tweets for particular keyword from twitter API. The idea is to provide dashboard for business people for analyzing tweets. This tool performs sentiment analysis, clustering of words with the help of cooccurrence matrix. It also finds top 10 user_mentions, locations, sources of tweets, etc. It does same things for any user's timeline too.

EXTRA CURRICULAR ACTIVITIES

- Co-ordinator for Accenture at MAHER orphanage.

- Member of the Canteen Committee at TCS.

- A Co-ordinator for the College Technical Event (Engineering Today).

- Participated in Inter-Collegiate Handball Tournament.

- A Co-ordinator for the Common Wealth Youth Games Pune 2008 in School.

- Paticipated in InterSchool Athletic Meets/Football Tournaments.

TECHNICAL SKILLS

- Languages (**ReactJS, HTML, CSS, JavaScript, NodeJS, Java, Apache Camel**)

- Databases (**MongoDB, MySQL, Oracle, Fire Base**)

- Tools (**VS Code, Maven, Eclipse IDE, IDEA IntelliJ, MS Office, Git, LaTeX**)
